

FOR IMMEDIATE RELEASE

## **LIGHTFAIR OPENS EXHIBIT SPACE SELECTION FOR 2022** **Trade show runs June 21 – 23 at the Las Vegas Convention Center**

**LAS VEGAS – November 11, 2021** – Following a successful LightFair 2021 Trade Show and Conference, LightFair has opened the first of three rounds of exhibit space selection for its 2022 edition, June 19 – 23, in the Las Vegas Convention Center's brand-new, state-of-the-art West Hall.

“LightFair is excited to continue the momentum after our successful show in New York and our online space selection offers manufacturers an early opportunity to secure in-demand locations on the trade show floor,” said Dan Darby, show director. “Our 2021 trade show proved that product innovation across the lighting industry hasn’t slowed, making 2022 another great chance to reconnect and discover new product in a west coast destination.”

As LightFair moves west for its June 2022 conference and trade show, exhibitors from the previous two shows will have the opportunity to select their placement in the exhibit hall in three appointment-based rounds: the first round, which is open now through Friday, November 12, is available exclusively to 2021 returning exhibitors; round two, for 2019 exhibitors who were unable to participate in 2021, will run Monday, November 15 through Friday, November 19 and round three, open to all other industry suppliers, will open Monday, November 22 and remain open until the event is sold-out. 2021 exhibitors who select booth space through November 19 will receive the exclusive “Loyalty Rate” rather than the Standard Rate.

The Las Vegas 2022 edition of LightFair is expecting to showcase 400+ exhibitors presenting the newest innovations across smart, outdoor and design-focused lighting and lighting adjacent categories. The full list of 2022 exhibitors will be released in mid-December, after rounds one and two of space selection conclude, at <https://www.lightfair.com/space-selection-for-las-vegas-2022>.

The 2022 LightFair Trade Show and Conference will focus on future-shaping innovations and an incredible attendee experience driven by new product discovery, networking and on-floor education in the new West Hall at the Las Vegas Convention Center. The next annual architectural and commercial lighting event runs Sunday, June 19 through Thursday, June 23 (Conference from the 19 – 23 and Trade Show from the 21 – 23). Registration updates and LightFair information can be found at <https://www.lightfair.com/las-vegas-2022>.

### **About LightFair**

LightFair, the world’s largest annual architectural and commercial lighting trade show and conference, is owned by the International Association of Lighting Designers (IALD) and the Illuminating Engineering

Society (IES). The event is produced and managed by International Market Centers. For more information, visit [LightFair.com](http://LightFair.com). Follow LightFair on Facebook, Twitter @lightfair, Instagram @lightfair\_international, LinkedIn and YouTube.
